

GEPD SERVICES

Was established in 2009 by Gabriel McGlinchey, and our objective is to provide a comprehensive package of quality equipment and services.

Gabriel has over 20 years experience at the front of delivering customer satisfaction, and providing a high standard of commitment and service to the companies, work colleagues and the customer's with whom he has worked.

He has been involved in a wide spectrum of installation and servicing of electrical, electronic and mechanical equipment, and has wide experience in all these areas throughout Ireland.
